Work Experience

Game Programmer

Razor Edge Games, Remote | April 2021 – May 2022

- Collaborated closely with backend leads and programmers to design and implement game systems and development tools using C#.
- Successfully developed a comprehensive initial game prototype.
- Designed and implemented a robust quest system for internal and eventual public release.
- Regularly contributed to weekly meetings, providing updates and incorporating feedback.

Game Developer Intern

Moon Rift, Remote | April 2021 – July 2021

- Engaged in a competitive internship focused on rapid game prototyping and iterative development.
- Participated actively in weekly presentations, consistently achieving top-ranking team results.

Game Developer

Self-employed, Cedar Hill, TX | January 2016 – Present

- Independently developed and debugged gameplay features primarily using C#.
- Solved complex technical challenges, optimized performance, and significantly contributed to game scripts and storyboard creation. Managed all facets of game production, including design, programming, art, sound, and audio.
